STRONG!

Exclusive HDI™ Fenders—

inflatables that you can trust

exclusive, patented mooring product designs, handcrafted quality, designed-in functionality—it's yachting's most complete accessory line. Megafend Mooring Products is in its third decade, offering unmatched custom services. and products to match your exacting needs. Innovation is key to everything we do. Our passion is to absolutely achieve the ultimate perfection you demand.

Durable high density materials matched with extreme production quality create a designed-in strength, the benchmark of HDI™ inflatable fenders. Each is a marvel of structural integrity, assuring the ability to withstand heavy marine use. Megafend HDI™ inflatable fenders inflate/deflate in moments saving stow-space. Available in popular marine sizes to give the maximum mooring protection you demand and durability you must have. HDI inflatable fenders can be ordered with a FenderCoat™ cover to protect your megayacht surfaces from fender contact. Mooring your megayacht just became a whole lot safer!

MEGABEND

Style meets function!

NEV-oil™ exclusive maintenance-free leather, guaranteed against mildew or fungus growth is on outer surfaces of all Megafend fender hook styles. Experience the handcrafted fit, the finish, and the designed-in functionality- innovation at work. Our patented custom designs and exclusive signature accessory hardware, plus MegaPro™ removable chafe gear with greatly enhanced durability because innovation is key to everything we do. Megafend quality, built to exceed your expectations for enduring superyacht mooring protection!

CG– MegaPro™ ballistic black nylon now with *new-gen* weave for greatly enhanced wearability/protection

Megafend removable chafe gear is designed for heavy use. It provides maximum protection for your mooring lines and yacht surfaces while assuring a tight and uniform look. Megafend chafe gear easily wraps on lines, securing with sewn-in velcro and removes in an instant. Available to fit popular line sizes and to your required length.

Dealer:
