

PC-RF1

Panel Clip - Side mount female

Material & finish: Brown acetal copolymer

General description

The Fastmount™ multi-award winning system has revolutionized the mounting of panels in superyachts and launches. Specifically designed for the marine industry, this innovative system provides a superior finish with perfect alignment every time. Panels can easily be removed and refitted in any sequence time after time.

Ideal for applications that require side mounting, such as refit, cabinet construction, securing floor panels. This versatile screw fixed clip works with all male clip types: self tapping, adhesive fix, heavy duty, high sheer strength & variable gap options. Refer to PC-M1, PC-M2H, PC-SM2, VS-M1. Install with Fastmount tools.

Benefits

- Side mounting
- Installation requires no special tools
- Screw fixed to frame
- Several mounting options
- Works with existing Fastmount clips
- Allows for flexing & expansion of panel & support

Application ideas

- Suitable for covered, painted & prefinished panels
- Ceiling, wall, & exterior panels
- Cabinet assembly & shelf support
- Refits & upgrades of existing installations
- Install into a variety of substrates
- Floor panels
- Inspection hatches
