

PC-SM2H

Panel Clip - Surface mount Male adhesive fix heavy duty

Used with: PC-F1, PC-SF1, PC-RF1

Material & finish: Black acetal copolymer

General description

The Fastmount™ multi-award winning system has revolutionized the mounting of panels in superyachts and launches. Specifically designed for the marine industry, this innovative system provides a superior finish with perfect alignment every time. Panels can easily be removed and refitted in any sequence time after time.

The Fastmount™ Surface mount Male Heavy duty, using super-groove technology, is an extension of the Fastmount system, designed for use with where installers prefer an adhesive fix, with increased loading. It is ideal for new composite materials. Super-grooves mechanically engage into adhesive on the base for secure mounting.

Benefits

- Self aligning secure mounting (min.10kg per clip)
- Installation requires no special tools or skilled labour
- Uses a range of adhesives to suit the customer
- No machining of panels, fast installation
- Works with existing Fastmount clips
- Allows for flexing & expansion of panel & support frame materials

Application ideas

- Mounting thicker panels with increased loading
- Soft or honeycomb cored panels with thin facings
- Installers preferring self alignment and/or no special tools
- Mounting panels where no drilling is preferred
- Ideal for refit
